## Hay-Roughage Applications Now Taken At F.H.A. Office

Walter T. McKay, State Director, Farmers Home Administration, today advised Roy M. Wright, F.H.A. County Supervisor, of the designation of Milam County under the Hay and Roughage Program for Texas.

Applications to participate in the Hay and Roughage program will be received by the local F.H.A. committees immediately at the Farmers Home Administration office located at Cameron.

The Hay and Roughage Program was worked out between the Governor and the Secretary of Agriculture to provide emergency assistance to farmers and ranchers in the State's designated disaster counties. Under the program the local county F.H.A. committee will determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase price of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the Emergency Drought Committee's account.

Applications may be filed through December 3, 1956 for a supply of roughage needed to last through December 31, 1956. Roughage under the program includes hay either baled or loose, cotton seed hulls, peanut hulls, corn cobs, sorghum bundles or ensilage.

## School Time Means It's Time For Vaccinations! Physical Check - Ups

As a new school year approaches it is time for parents to see that their children have birth certificates, physician examinations and corrections, dental examinations and corrections and the necessary immunizations. Immunization requirements vary widely in Milam County and in some schools immunizations are optional.

The Cameron Independent School District requires smallpox for all entering students, diphtheria for those ten years of age or under. No requirements are listed in regards to whooping cough, typhoid, tetanus and polio but these are recommended.

Sharp and Maysfield School Districts have the following requirements. Smallpox vaccination on entrance to school with a revaccination every six years. Diphtheria on entrance and a booster every two years through ten years of age. Typhoid during the first year of school and a booster every two years.

every two years. Whooping cough, tetanus and polio are not required but are again strongly recommended.

In all other independent and common school districts immunizations are optional and up to the desires of the parents.

The Cameron Independent School District requires smallpox for all entering students, diphtheria for those ten years of age or under. No requirements are listed in regards to whooping cough, typhoid, tetanus and polio but these are recommended.

Sharp and Maysfield School Districts have the following requirements. Smallpox vaccination on entrance to school with a revaccination every six years. Diphtheria on entrance and a booster every two years through ten years of age. Typhoid during the first year of school and a booster every two years.

## Bo Peeps

No meters have been requested for Santa Fe Town as the rumor mongers have it. It was only suggested by the manager of the Woodson Lumber Company that he desired meters around his place of business and it appeared to him that if they are going to be anywhere they should be placed all over. He is naturally unhappy with the all day parking around his place of business.

DOWN IN FRONT is a motto that was suggested for us people with "Bay Windows."

Homer Tompkins was off for Irving with misgivings last week end. Said he was offered more money though and couldn't refuse it. Said he'd bought at \$12,500 there. His wife will be secretary to Elementary school principal Morgan Layfield there Homer said. He asked that his best wishes be passed on to all his friends in Cameron and to wish one and all and Cameron as a city the best of everything.

Crush community held the record for turning in election returns until Saturday. Their record was four minutes after the polls closed in 1954. This year Baileyville reported at 7:04 a 15 to 1 vote favoring Yarbrough.

## Large Group Needed Present At Community Chest Meet Monday

E. A. Perrin, chairman of the Community Chest has called a meeting of all interested parties for Monday, September 3, 7:30 p.m. in the district court room.

Perrin stressed that this is very important work and that full representation of all organizations and clubs is essential in order that the policies of the local community Chest be more representative of all the people. He stated that in the past, the policies have been set by relatively few.

Officers for the coming year will be elected at the meeting.

## Birth; Immunity Records Are Must For First Graders

All First Grade students (entering school for the first time) must have birth certificates and immunization records in their file before they can be admitted to classes reports Elementary Principal Leon Brady.

## Men Bowlers To Organize At KC Hall Friday

The Mens Winter Bowling League will start early in September reports Dr. John Boyce. In preparation for the season a meeting has been called at the KC hall for 8 p.m. on Friday (tomorrow) night.

All interested in participating in the league or anyone interested in sponsoring a team is welcome to the meeting at that time Boyce said.

Election of officers will be held and teams will be lined up at the Friday night meet. president of the League for the past year, Dr. Boyce said.

## Billy Jistel Gets High School Sheep Skin In U. S. Navy

Billy Jistel, son of Mr. and Mrs. A. L. Jistel of Cameron after eight and a half months in the U. S. Navy at Pensacola, Florida has completed his high school work.

Now, with his high school diploma he will go to A and P school at Norman, Oklahoma. His 80 average in his schooling might make him acceptable for Aerial Photography.

## August Police File Shows Decline In Some Offenses

Five cases were turned to the county during August by Cameron Police. Two for driving while intoxicated and two for knife fighting while one was for assault.

The number of drunk; disturbance of peace and fighting cases have taken a decided drop with four in each category being reported for August to date. Eight speeding fines and no drivers license fines accounted for the remainder of the August fines with the exception of one loud muffler.

In one no driver's license a fourteen year old lad was apprehended while doing a "Rock 'N Roll" drive of what was thought to be the family car and without a driver's license. The father objected to a fine on the grounds that the lad was "too young to pay a fine". The case is due in court on August 30 (today).

In another case a Hearne man by the name of Laster was stopped while travelling sixty miles per hour. The ticket was turned over to Judge Baskin and the time for appearance has passed. A complaint seeking a warrant for the man is now in the hands of the Judge.

A fight which involved several colored people finds two of the combatants in the hospital and the third in county jail. Ira Lee Whiteside and John Pittman, Jr. were originally involved in the fracas and with one of these men getting the worse of that fight a

## Plenty Good Water In Cameron Is Bond Aim

Waco passed a six million dollar bond issue Tuesday to end the city's water woes by a vote of nearly two to one.

Cameron people, many of them, are thinking in terms of getting plenty of "CLEAR, COOL, WATER" which tastes good for the city. The Cameron project as designed by Joe Rudy and company of Fort Worth will concurrently design a water system which will make Cameron more acceptable to industry. A new industry or two might more than pay the cost of the line alone it is estimated.

Engineers and the city officials are confident of an adequate supply of water from the Little River in the future following negotiations that are to be pushed in the near future.

General obligation bonds would finance the Cameron installation with water and sewer revenues pledged to retire the bonds. Only a twenty-five percent increase in water rates and no increase in sewer costs is designed to pay the bill here. These funds will be pledged by the city to satisfy the obligation bonds.

Included in the specifications of the proposed construction in Cameron is: INTAKE: The present concrete pump well will be raised

sufficiently to protect it against anything but a repetition of the 1921 flood. A new intake will be constructed upstream from the present intake by mounting deep well pumps on a piling structure, at the side of the river and installing two vertical turbine type pumps with their motors above flood level. This will provide two intakes for the water system.

## Auditor Finds Old Athletic Bills

## Season Yoe Football Ducats Go On Sale Tuesday At Ben Milam

Season football tickets go on sale at the office of Superintendent Loughmiller Tuesday, September 4. Later purchases can be made at that office during school hours. The season reserved seat tickets will be sold for five dollars and will be for five home games which are Brenham, Marlin, Caldwell, Stephenville and University High of Waco. The dates of these games are in a box on page one of this paper.

An Industrial Arts teacher, Robert White, 24, has completed the faculty in the school system for this year reports Loughmiller. White is a first year teacher and comes from Huntsville where he

## FLOW MAIN: A new 16 inch

pipe line will be constructed from the new intake to filter plant site. This line will be large enough to deliver more than the two million gallons daily required at present, in order to provide for the future growth of the city.

## FILTER PLANT: A new filter

plant will be built on a new site, the exact site to be selected in the

light of elevation, availability of land and its cost and economy of construction.

The plant will be nominally rated at two million gallons per day, but can be operated at a 50 percent overload for periods of maximum usage. It will be so arranged that it can be later expanded at a minimum of expense.

The new plant will consist of presedimentation, coagulation and sedimentation, filtration and chlorination. As a part of the filter plant there will be a transfer pump station to pump filtered water to the site of the present treatment plant through a 16 inch pipe line.

The present settling basins of the existing treatment will be retained where necessary and covered to comply with State Health Department regulations. This will give a large filtered water storage at a minimum cost and assure a supply in case of failure of facilities and to permit part time operation of the filters.

## II. Sewer System Improvements:

A. Sewage Treatment Plant: The proposed new sewage treatment plant will be located at about the site of the present sewage treatment plant. The new plant will consist of two clarifier or first stage treatment units with their tops above flood level.

These units will settle out most of the solids to the bottom of the tanks where the solids will be digested.

The second stage treatment will be lagoons covering 18 acres where the liquid from the first stage treatment well acted upon by sunlight and algae and then will be discharged into the river.

The sludge from the primary stage will be discharged into sludge drying beds where it will be dried and the dried sludge can then be used for fertilizer or land fill.

Sufficient land will be purchased to permit future expansion of See "Water", back page

## Burlington School Begins '56 Labors On Labor Day

School at Burlington will begin on Monday, September 3 with a full schedule. Lunch will be served in the cafeteria, with Mrs. Schonehoef as cook.

Mrs. J. D. Martin is head teacher this year and Mrs. Ruby Plent primary teacher. Mrs. Plent came to the Burlington system in November '55 when Mr. and Mrs. Fred Hodges left. Mrs. Martin has taught school in Falls and Milam counties for 23 years. She served at Barclay last year and has previously taught at Belmena, San Gabriel, and Walker's Creek.

Mrs. Martin expects to have from forty five to fifty students this year.

The school bus schedule is not certain at this time but will be known by the time that school opens, Mrs. Martin said.

## Coach Leo Jackson To Aid United Press In Weekly 9 AAA Schoolboy Football Poll

The United Press in making Plans for a Texas High School Football Coaches Board, patterned after the long successful nationwide college coaches poll, for weekly ranking of teams in the

various schoolboy divisions and have chosen coach Leo Jackson of the Cameron Yoemen as representative coach of District 9 AAA. In a letter from Ed Fite, Division Sports Editor for UP told Coach Jackson "I will compile the ballots on a basis of 10 points for first place votes, 9 for second, etc. we believe this will stimulate even more interest in schoolboy football in the state and also help the coaching profession in general."

Jackson was chosen as the "Logical man in this district" and recommended by Carl Price.

## A JUROR'S CREED

Most of us want to do our civic duty but we hate to break up the pleasant routine of living. Sometimes we shirk our civic duty to vote. Sometimes we exert every effort to avoid jury service.

Perhaps we do these things because we don't vote our free will enough, because we haven't had to pay for them through hardship and suffering.

Instead of a sacrifice, jury duty is a privilege enjoyed by the free citizens of our country, giving us an opportunity to participate personally in the administration of justice.

Here is a creed which we might do well to read when the call to jury duty comes our way:

I am a juror.  
I am a seeker after truth.  
I must listen carefully and with concentration to all the evidence.  
I must heed and follow the instructions of the court.

I must respectfully and attentively follow the arguments of the lawyers, dispassionately seeking to find and follow the silver thread of truth through their conflicting assertions.

I must lay aside all bias and prejudice.

I must be led by my intelligence and not by my emotions.

I must respect the opinions of my fellow jurors, as they must respect mine, and in a spirit of tolerance and understanding must

endeavor to bring the deliberations of the whole jury to agreement upon a verdict, but

I must never assent to a verdict which violates the instructions of the court or which finds as a fact that which, under the evidence and in my conscience, I believe to be untrue.

In fine I must apply the Golden Rule by putting myself impartially in the place of the plaintiff and of the defendant, remembering that although I am a juror today passing upon the rights of others, tomorrow I may be a litigant whose rights other jurors shall pass upon.

My verdict must do justice, for what is just is "true and righteous altogether"; and when my term of jury service is ended I must leave it with my citizenship unsullied and my conscience clear.—Judge John H. Flanagan, Carthage, Missouri.

This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.

## HIGHLIGHTS AND SIDELIGHTS

By Vern Sanford

Texas Press Association

AUSTIN, Tex.—Campaign headquarters of Price Daniel, Ralph Yarborough and Will Wilson have been beehives of activity.

Daniel and Yarborough have gone all out to win the Democratic nomination for Governor of Texas.

Wilson has campaigned even harder than he did in the primary in order to increase his lead in the Attorney General's race.

But withering Texas heat has sapped campaign enthusiasm among the voters. Interest that developed in the July primary has dwindled considerably.

Last month brought the largest primary vote in Texas history—1,576,870 in the Governor's race. However, if the second primary vote beats that of two years ago it will surprise everyone.

Nevertheless the conservatives and the liberals are working for a big voter turnout on Saturday.

DELEGATES RETURN HOEM—

Weary Texas delegates to the Democratic National Convention have returned home to face still bigger tasks.

Their goals: (1) to win undisputed party control at the Sept. 11 state convention and (2) to swing Texas back to the Democratic column in November.

In both efforts they will have the guidance of two of the party's most influential leaders—U. S. Sen. Lyndon Johnson and House Speaker Sam Rayburn.

Hopes are based on the mild civil rights platform plank adopted at the Chicago convention. Both Johnson and Rayburn are credited with significant roles in gaining this "moderate" victory.

Many of the Texas delegates say they will have a hard time selling the Stevenson-Kefauver ticket in this state. There is considerable muttering about the prospects of victory in November. And Former President Harry Trumans cracks at Stevenson didn't help a bit.

RESERVOIRS DROP—Water in Texas' major reservoirs was down 2 1/2 per cent during July, from 1955. Average storage was 51 per cent of capacity.

As evidence of "critical conditions" the State Board of Water Engineers' monthly report cited these further statistics: (1) July rainfall was less than half of normal. (2) Observation wells continued a decline to all-time lows in five areas of South Central and West Texas. (3) Dwindling stream flows and decreasing storage resulted in water rationing in many cities in all areas.

MORE SAFETY AIDS ASKED—Next year's Legislature may be asked to double the present 470-man state highway patrol.

Such an increase was urged by Homer Garrison Jr., director of the Department of Public Safety, in a talk before the Texas Safety Association Women's Conference.

Cost of safety precautions is cheap compared to accident costs, said Garrison. Property loss alone has exceeded \$1.5 billion in the past 20 years.

A legislative program being pushed by the Association includes: (1) more patrolmen, (2) county-wide traffic courts, (3) state-financed driver education (4) prohibiting sale of fireworks, (5) chemical tests for drunken drivers and (6) laws to punish juvenile traffic offenders.

BIGGER HIGHWAY PROGRAM STARTED—Expanded highway building under the new federal program is off to a fast start in Texas.

In the first tabulation since U.S. aid bill passage, the State Highway Commission received low bids totaling a whopping \$18,494,446. Of this, some \$5,847,678 was represented by six bids for

improvement of federal interstate

routes. SHORT SNORTS—Contracts awarded in Texas during July soared to \$86,021,020, highest point since July, 1952. A "School Problems Forum" has been scheduled by the Texas Association of School Boards for Oct. 14-15 in Austin. Board members have been invited to bring questions for

tors. Texas oil allowable for group discussion and consideration by a panel of top education by the Railroad Commission at 73,505 barrels a day less than August. Permissive production will be 3,297,954 barrels a day on a 15-day producing pattern. Taxes on whiskey brought into Texas from Mexico totaled almost \$1 million last year. Last week's audit of the Texas Liquor Control Board showed 1955 collections at \$905,801, compared to only \$379,534 in 1954. A portable classroom bleacher has been developed by University of Texas engineers. It is designed to give from 15 to 25 students a close-up view of teacher demonstrations.

Streamlining of State Library services might save Texas taxpayers a substantial sum of money, reports the Texas Research League. An extensive survey was made by the league, at the request of the Library Commission. Gas companies continue to hammer at the state for recovery of millions paid under the old natural gas gathering tax law. Latest to win a judgement was the El Paso Natural Gas Co., victor in an Austin district court case. It was one of the tax without formal protest.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River has made a strange discovery, but we doubt if his conclusions will stand up, as he's had little practice himself in standing up.

Dear editor: The last thing I'd ever want would be to be accused of wanting to run for office, I'm not even good justice of the peace timber, not to mention congressional or presidential timber, but I have been reviewing the presidential campaign situation and have discovered that in one department Eisenhower, Stevenson and me

That is, all three of us each have a farm we're losing money on.

As I understand it, Eisenhower loses about \$25,000 a year on his Gettysburg farm, Stevenson

loses about \$10,000 on his Libertyville farm, and while I'm hot in that bracket, due to the bank's timidity, you could still classify my farm out here as on the presidential candidate level when the books are closed at the end of the year.

Understand, I'm not saying I'm as smart as Eisenhower and Stevenson, all I'm saying is that when it comes to farming, I'm right up with the best brains in the nation.

I understand one reason Ike and Stevenson give for losing money is that they don't have the time to devote to farming that they should, and I can report I qualify on that test too. That is, all three of us have 24 hours a day all right, the same as everybody else and while I don't know what system they use, I have always managed to find something to interfere when the crops needed working the most. I recognize that in their case, they don't have to hunt for something to keep them from farming, their importance in other fields takes care of that, but in my case I'm on my own, I have to dig for mine, and it's with considerable pride that I point out that never once have I been caught short on an excuse for avoiding going up one row and down another.

You'd think that with the three of us with farms and each one losing money, one of us would come up with a solution to the problem. I know I don't have one, and if either one of them has, I don't believe he's gotten around to mentioning it yet, except in general terms. Some things you just have to learn to live with, and the farm problem must be one of them. At least, that's what Ike and Stevenson and me have concluded.

Yours faithfully,  
J. A.

The Milam County Health Unit will be closed on Labor Day, September 3, 1956.

## Queen To Be Chosen During Heart O' Texas Fair In Waco

A number of lucky Central Texas girls are going to have loads of fun at the 1956 Heart O' Texas Fair and Rodeo at the Heart O' Texas Coliseum here the nights of Oct. 1, 2, and 3.

And one of the talented beauties will be named "Queen of the Heart of Texas" to succeed the 1955 winner, Shirley Crabb of West.

Texas Coliseum here the nights of who meet these requirements:

1. - Must be single. 2. - Between 17 and 25. 3. - Five feet and three inches in height, or taller. 4. - A high school graduate, or a high school senior beginning with the September, 1956 School year. 5. - Must reside in McLennan County, or in a county surrounding McLennan county, or in a county surrounding one of these counties. (This takes in quite a large area.)

Contestants will be judged on their appearance in formal attire, appearance in western clothing and talent performed during a three minute period. This may be a talk on any subject.

Miss Crabb received an all-expense trip to Biloxi, Miss. A year's scholarship to Baylor, a complete wardrobe from Waco merchants and many other awards. Another similar list of prizes awaits the 1956 winner.

Dr. Doug Bertling of Waco is general chairman of the contest. Civic clubs and other organizations interested in sponsoring girls should contact him, P. O. Box 53 Waco.

QUICK RESULTS

Conditions which will encourage the maximum consumption of feed by the broiler flock should be provided. It's the extra feed eaten which produces the extra gain in weight and makes the

profit, says Ben Wormeli, extension poultry husbandman. Farm management specialists of the Texas A & M College System advise that the best hay buy is usually hay which was out while

the plants were young. Hay from such plants is higher in leafiness and protein content and is actually a better buy even at a higher price than hay made from mature plants.

## Wonderful buy... WHY WAIT?

Get America's best buy on America's top car! Big, new Pontiac powered by action-packed 227-h.p. Strato-Streak V-8... luxury car features... limousine ride with 124" wheelbase, rugged X-member frame. Pontiac prices start below 43 small-car models!

..and I've really been busy keeping you folks cool!

We are in the midst of one of the hottest summers ever known in this area. The number of days in which temperatures have soared to 100 degrees, or more, is already more than the equivalent of a whole month, and there is still a lot of summer to come. Yes, it's a scorcher, but thanks to air conditioning, the heat is not nearly so rough on thousands of people as it has been in past summers with much milder temperatures.

You may be one of the thousands who have installed electric air conditioning in the home. If so, you have given Reddy Kilowatt the job of pumping heat out of

the house... and bringing in mountain-cool comfort at your finger-tips. This means Reddy is having to work harder and for more hours this summer... That's why your electric service bill may be more this summer than it has been in the past.

Texas Power & Light Company is happy to supply service through which you may enjoy mountain-resort cool comfort right in your home during these sweltering days. And when you consider the many hours of cool relief you get from this summer heat, we are sure you will agree more than ever that electricity is the biggest bargain in your household budget!

Texas Power & Light Company has, for the information of its residential customers, a booklet entitled "The A B C's of Comfort Cooling." This booklet contains the information on cost of operating an air conditioner, as well as other information on comfort cooling. Ask for this booklet at any TP&L office.

## TEXAS POWER & LIGHT COMPANY

# Humble Has Big Football, Radio; TV Plans For '56

This season Texans will be able to see and hear more Southwest Conference football than ever before. That fact was brought out at a school held last week for The Humble Company's football announcers.

Nearly 30 play-by-play announcers and broadcast and telecast supervisors attended the school held in conjunction with the annual meeting of the Southwest Football Officials' Association in Houston. As a part of the school the announcers attended sessions of the officials meeting to hear first hand about the rule changes for 1956.

Heading the staff at the announcers' school were Jess Neely, Rice Athletic director and head coach, and Kern Tips, popular Southwest Conference football announcer.

Coach Neely explained the various plays and formations that will probably show up in conference play this season. While explaining the plays he made careful diagrams to show the announcers how to accurately recognize formations.

Tips, known as "Mr. Football" to hundreds of thousands of Texas followers of the game, told announcers that preparation for broadcasts is most important. "Know the teams, their records, the signals and, above, all respect the officials," he said.

"And always remember that team play is what counts. Good teams are seldom made without good play by other members of a team."

Six regional telecasts will be described by Kern Tips, a veteran of more than 20 years in Conference broadcast circles. The

games to be telecast were selected by the Southwest Conference under a policy of the NCAA. Under Conference rules, telecasts are blacked out in areas where they might hurt attendance at the telecast game. Thus, the opening regional telecast, Baylor vs. Texas Tech, in Waco September 29, will be blacked out in Temple and Waco unless the game is a sell-out.

Other Southwest Conference games to be telecast include Texas-Oklahoma, October 13; Rice-SMU, October 20; Texas A and M Arkansas, November 3; TCU-Texas, November 17; and Texas-Texas A & M, November 29.

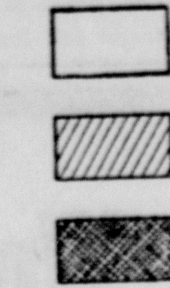

## Marines Adopt New Policy On "Fogy" Re-enlistments

Colonel Walter R. Lytz, Director of the 8th Marine Corps Reserve and Recruiting District announced today that the Marine Corps has adopted a new policy regarding the re-enlistment of former Marines who are married or have dependents. Under the new policy, privates first class and corporals who are married or have other dependents will be eligible for re-enlistment in the Regular Marine Corps after obtaining a waiver from the Commandant of the Marine Corps Recruiting Station.

Colonel Lytz said, "Former Marines may now submit their application or obtain information concerning the new policy at the Marine Corps Recruiting Station, Room 7, U.S. Court House, 208 West 8th Street, Austin."

N. E. McKinney of Galveston, Texas is spending several days this week in the home of his parents, Mr. and Mrs. I. H. McKinney in Ben Arnold.

## 1956 OPEN SEASONS FOR MOURNING DOVES

**NO HUNTING** permitted in game refuges and game reserves.

TEXAS GAME AND FISH COMMISSION  
Austin, Texas

## 'Esplanade of Light' Planned for Fair

Visitors to the 1956 State Fair of Texas, Oct. 6-21, will be dazzled as they enter the fairgrounds by the brilliant "Esplanade of Light" which will transform the concourse just inside the main gates into a spectacular vista of dramatic illumination and scenic water effects. The lighting will be the most striking since the Texas Centennial Exposition in 1936. This

artist's impression of how the Esplanade will look at night shows how it will utilize enough electricity to light a small city and a total of 1,772 fountains of water shooting high into the air. The mammoth scenic wonder is co-sponsored by the State Fair and Dallas Power and Light Company.

## Several Parties Honor Marks Army Enlistee

Ardell Pagel who left for duty in the U. S. Army on August 22 was honored recently at a Barbecue dinner given by his parents, Mr. and Mrs. Louis Pagel at their home in the Meeks Community.

Guests were: Miss Shelby Beale of Temple, Mr. and Mrs. Louis Pagel Jr. and Delores of Temple, Mr. and Mrs. Paul Ginnusa, Paul Jr., Ragen and LaNelle of Port Arthur, Mr. and Mrs. Leslie Miessecke of Temple, Mr. and Mrs. Richard Miessecke of Rosebud, Mr. and Mrs. Ed Pagel of Cameron.

Mr. and Mrs. Ed Pagel later gave a supper at their home in Cameron. Guests were Miss Shelby Beale of Temple and Mr. and Mrs. Louis Pagel, Mr. and Mrs. Paul Ginnusa and family, Mr. and Mrs. Louis Pagel and family.

In another party Temple friends gave a stag party in honor of the new soldier, at the Belton Lake. A dance at Sefcik Hall was given by Mr. and Mrs. Howard Croft with about fifty present honoring Pagel.

### CARD OF THANKS

We take this means of expressing our heartfelt appreciation to our many friends for the kindnesses shown us at the recent death of Mrs. Maude Ella Stevens. We are very grateful for the food, and beautiful floral arrangements.

We especially extend our thanks to Dr. Smith and the Staff of Nurses at St. Edwards Hospital. May God bless each of you. Mr. and Mrs. John McDermott and family. Mr. and Mrs. W. S. Thompson and family. Mr. and Mrs. Graham Ainsworth. Robert and Tom Ainsworth.

## Estimate Million Votes To Be Stolen Next November

WARNER'S  
READER'S DIGEST ARTICLE

Over a million votes will be stolen in the forthcoming presidential election unless citizens are more vigilant than they were in 1952.

This prediction is based on a country-wide survey showing increasing election frauds reported by Jack Harrison Pollack in a September Reader's Digest article, "How Crooks Steal Your Vote," condensed from the National Municipal Review.

The Honest Ballot Association estimates that at least a million votes were stolen in the 1952 presidential election.

Samuel H. Still, veteran investigator of election campaigns for Congressional committees, told Mr. Pollack that about 50 public figures are now in offices they would not have won if the elections had been legally conducted. Election thievery is not confined to any area nor to any type of election, the survey finds.

Paper ballots, still used in two thirds of the United States, offer the greatest opportunity for fraud. They are easy to change, easy to fake, easy to stuff. "A fa-

vorite trick of the crooked ballot-counter," Mr. Pollack writes, "is to conceal a piece of pencil lead (with wax to make it stick) under a fingernail or a large ring. While smoothing out the ballots before counting them, he will mark additional crosses before candidates' names - thus invalidating them."

You can foil ballot thieves by taking these precautions: Vote early and don't let anyone interfere with you inside or outside the polling place. Mark paper ballots neatly, get a new ballot if you make a mistake, and watch to see that it is put in the proper box. Seal an absentee ballot with wax, mastic, or tape. If you are registered and cannot vote, you can be sure no one has voted for you by checking the registration book after the election is over.

Report suspected frauds to election judges, your local newspaper, district attorney or a citizen's organization. Volunteer to watch at the polls for organizations like the Honest Ballot Association in New York which is working to improve conditions.

### NOTICE

There will be a called meeting of the Cameron School Board at 7:30 p. m. on Thursday September 6 in the office of the Superintendent of Schools Wiley Loughmiller for the purpose of adopting the school budget for the new year. The public is invited.

## Cameron Catholic Youth "Back To School" Dance Friday Night

A Cameron CYO "Back To School" dance is scheduled at Simon and George Memorial Hall on Friday August 31 with Richard Wilkinson and his Drifters furnishing the music. The surrounding CYO and the public is invited to attend the dance.

The summer months have been active ones for the Cameron Catholic Youth according to a report turned into the newspaper this week. Beginning on July 1, the activities of the organization are enumerated: July 1 the CYO enjoyed a District Dance in Granger, music was by Gilbert Kautz. On the fourth of July the monthly meeting was at Simon-George Hall. Two new members were welcomed by the group. They enjoyed a skating party in Temple on July 16 with Granger, Westphalia, Cyclone, Temple and Taylor CYO's attending.

A swim and watermelon party was held at Ledbetter Park on July 18. On July 31 the Cameron CYO journeyed to Temple for a swimming party given by the Temple CYO.

The August meeting on the 8th was on the lawn of Simon-George Hall because of the hot weather forbidding an inside meeting. A spiritual talk was given by Rev. Al Kaleuc, was enjoyed by the members. On August 15 the Westphalia CYO gave a bingo party and dance to raise funds. Cameron was present with about 25 members. Monday, August 20 the CYO enjoyed a monthly skating party in Temple. About 35 members were present. Then on Wednesday the 22nd, a swimming and ice cream party was held at

## General G. H. Cloud Thirty Year Marine Promoted At P. I.

A letter received Friday, August 24, by Mr. and Mrs. T. F. Cloud Sr., 701 East 12th Street, revealed the news that their oldest son, Col. George Harland Cloud, who has been with the U.S. Marines for 30 years on May 19, 1957, was recently promoted to Brigadier General.

General Cloud was the only Texas boy in his class receiving a commission and had no military background. General and Mrs. Cloud live at Paris Island N. C. with their two children, David 16 and Christine 12.

Mrs. Cloud is the former Miss Mary Sorensen of Illinois.

## Gonzales In Fifteenth Year Aids In All Types Of Crippling Diseases

As Gonzales Warm Springs Foundation progresses during its 15th year of successful operation, patients with all types of crippling diseases find treatment and hope. Although polio-myelitis cases presently predominate at the Foundation, the hospital facilities are so designed, both personnel and equipment, to treat other typ-

sy. Multiple Sclerosis, Muscular Dystrophy, Arthritis, and others of cases such as Cerebral Palsy neuro-muscular diseases and musculoskeletal disorders.

While limited welfare funds do not permit free care for adults, no Texas child under 21 is ever denied treatment for lack of funds.

"This is a Texas rehabilitation center for all types of crippling diseases and we want to help anyone who needs it," said Walter Richter, director of public relations.

## Rail oddities

Railroads are hard to knock out. In a massive attack Nov. 14, 1940, four hundred German bombers made 122 hits on British rail lines at Coventry. But two days later the lines were back in operation.

American railway troops landing at Naples Oct. 7, 1943 found rail lines to the North completely demolished by the retreating Germans. With the enemy only 15 miles away, they restored the lines and were running supply trains up to the front three days later.

During the Battle of the Bulge in Dec. 1944, artillery ammunition for our forces was delivered by railroad right to the guns.

## Patsy Michalka Honoree At Several Pre-Marital Parties

Miss Patsy Michalka, bride-elect of Bill Brister, was honored with two informal parties by members of the wedding and houseparty before her marriage Saturday, August 25.

Martha Collins and Ann Hinyard entertained with a brunch Saturday morning, August 11, at the Albert Collin's home. The serving table was centered with a kitchen utility display labeled "Pat's Kitchen Bar", which was presented to Miss Michalka as the hostess gift.

Guests attending included Beverly Freeman, Barbara Smitherman, Betsy Logan, LaVern Michalka, Nancy Lawrence, Margaret Richards, Marguerite Michalka, Sara Wilkinson, and Ann Bradbury.

Miss Michalka was again honored Friday morning, August 24, by Mrs. Albert Michalka and Lu Wane Asher. The informal party was held in the home of Mr. and Mrs. Albert Michalka.

A fruit bowl, cheese dip, fritoes, and cokes were served as refreshments. Miss Michalka was given a cream and sugar combination from her milk glass selection by the hostesses.

Present at the party were Carolyn Russell, LaVern Michalka, Martha Collins, Ann Hinyard, Nancy Lawrence, Becky Chandler, Beverly Freeman, and Margaret Richards.

## Crop Residue Left On Land Called Good Soil Practice

For many years farmers in west Texas have left their crop residues on or near the soil surface to control wind erosion and to form a mulch to help prevent high evaporation. This soil conservation practice is now being used to some extent in this area. M. J. Sparks, a district cooper, south of Cameron, is using the practice and is well sold on its value to control wind and water erosion and also to furnish surface protection against the hot sun as well as intense cold.

Mr. Sparks observed its value as a wind erosion practice this spring when the high winds were moving top soil from fields that did not have cover, while on his fields covered with stubble there was no movement of the soil. He produced about one-third of a bale of cotton where he managed the stubble. He attributes this production to that water that did not evaporate or run-off as it did on the land without cover.

Stubble mulch farming often requires more skill and special equipment, but Mr. Sparks says it is a good practice and one that he will use from now on.

ITALY, TEXAS, NEWS-HERALD

"The federal government had no rights, no power, and no authority until it was given them by the various states. Now we are face to face with a federal government that has forgotten its founding. We have a government that through the years has pre-empted rights it never had and which have never been delegated to it by the member states of the union."

**WYNNE, ARK., PROGRESS:** "History has shown that freedom and paternalism simply don't mix. We hope that freedom will always be more precious to Americans than a federal hand-out."

**NORWALK, CONN., HOUR:** "Michigan State University announces that of 140,000 college scholarships with a value of \$31 million available in the United States, 17,000 went begging last year. The list of unclaimed scholarships should go to the principals of every high school in the land, with requests to recommend candidates for them. It also should encourage every qualified boy and girl to go get them. Lack of money is no bar to higher education."

**FRANKLINVILLE, N. J., SENTINEL:** "...fighting soil erosion is a continuing task. Like some of the other things that menace man kind, the time to start the war on erosion is when it begins."

## Yarborough Heavy Milam Winner As Wilson Edges Moore

Milam County again counted itself into the Yarborough column in the Saturday runoff primary with a 931 plurality over Senator-candidate Price Daniel.

In 1952 the perennial "Lone-wolf" candidate won in Milam County with 700 votes over Governor Shivers and in the 1954 race he topped the governor in both primaries between five and six hundred votes.

In the Attorney General race between Dallas County's Will Wilson and McLennan County's Tom Moore the Milam voters switched from the first to the second primary with the McLennan District Attorney leading the first time by a score of 669 plurality and in the second primary losing to Wilson by a slight margin of 32 votes.

The biggest switch came in Cameron's two boxes with Box 22 changing its first primary tally in favor of Moore by a margin of 102 votes to a second primary total of 32 votes more for Wilson than his opponent. In Cameron No. 1 the switch was from 111 plurality for Moore to 17 plurality for Wilson. The Rockdale box changed from a 42 lead for Moore to a 15 lead for Wilson.

## Bryan District WSCS Has Brenham Seminar August 28

The Bryan District of the Woman's Society of Christian Service had its annual District Seminar at Brenham, Texas, Tuesday, August 28. Registration started at 9:30 and the meeting was dismissed at 3:00 p. m.

The theme of the meeting was "THE SPIRIT OF CHRIST FOR ALL OF LIFE". Misses Barbara Burke and Billie Rinn gave reports on the Missionary Education Tour. The four studies for the year, "Southeast Asia", "Youth in a Responsible Society", "Mission Field U. S. A.", and "Paul's Letters to Local Churches", were presented by Conference and District officers.

Lunch was served to 170 women from over the District in the Fellowship Hall of the First Methodist Church.

Women attending from the Cameron Methodist Church were Mesdames W. A. Bonds, W. O. Triggs, H. L. Green, W. A. L. Robinson, and John B. Henderson.

## Camels Hump Is Not Water Storage Tank

In a mechanized age when tractors supplant horses and mules, the number of camels keeps growing.

A recent United Nations estimate of 9,700,000 "ships of the

desert" represents a significant increase in world camel population - 24 percent above prewar times, or five today for every four camels in 1939.

Though one of nature's most ungainly offspring, camels have largely made possible human existence in the deserts of Mongolia, Arabia and North Africa. The National Geographic Society says. Their outstanding asset is the ability to forego water on long heat ridden journeys.

No Built-in Tanks  
 The camel does not carry water in his hump, as one unfounded legend would have it. The hump is a mass of fat. Nor does the desert freighter have special water tanks in its stomach. An ability to conserve water in the body tissues essentially accounts for the camel's thirst-defying reputation.

## Patsy Thompson Entertains Friends With Wiener Roast

Patsy Thompson, daughter of Mr. and Mrs. Lee Thompson, 402 East 17th Street in Cameron entertained her young friends at her home recently with a wiener roast.

The group enjoyed games and music by recording throughout the evening in the backyard of the home.

Those in attendance were Joyce Terry, Carol Ann Shuffield, Kay Harris, Joyce Fuchs, La Nell Ro-

HERE'S HOW IT IS DONE— Jess Neely, (left) Rice Athletic director and head coach, explains formations and plays that will probably be seen in Southwest Conference football this season to Kern Tips, popular football announcer. This was at a school held in Houston recently for all Southwest Conference announcers sponsored by the Humble Company.

gers, Iola Harris, Cookie Slavik, 90 per cent of it - is harvested from privately owned commercial forest land, and about 70 per cent of each tree harvested is utilized today, as compared to only 30 per cent in the early days of the industry. Slabs, sawdust and other leftovers formerly unused by saw mills are now sold to pulp and paper mills.

## U. S. Lumber Production Third Of World Output

United States lumber production is holding steady at around 37 billion board feet annually, more than a third of the world's output.

Nearly all of this lumber - about are adopting forest management

*When you give your heart to a boy -*

**You're in for some trouble** — when your heart belongs to a boy. Boys don't like soap. Boys scuff up their shoes. Boys make too much noise when they're home — and when they go off to school, leave a house that is far too still. You're in for a world of happiness, too — when your heart belongs to a boy. The kind of happiness that erases tears, shuts out loneliness, rubs away all kinds of aches and pains. Small wonder mothers love their little boys so very, very much.

One of these days your boy will be starting off to school in his shiny new shoes and fresh clean shirt. And he'll start learning all the things he needs to know to make him the kind of man you want him to grow up to be. One of the most important lessons for your son to learn is the meaning of thrift and the value of a regular savings program. And that's what the U. S. Treasury's School Savings Program will teach him.

By the purchase of 10¢ and 25¢ Savings

Stamps in their schools, children are investing in U. S. Savings Bonds on the installment plan. And, as you know, Savings Bonds are one of the best investments that any of us can make. Is your child's school participating in this important program? Why not speak to your principal, school superintendent or P.T.A. group about it?

Encourage your child to buy Savings Stamps regularly. Start the U. S. School Savings Program in your town today!

**U. S. SAVINGS STAMPS POINT THE WAY YOU WANT YOUR CHILD TO GROW!**

## Moore Gives Able Advice On KR Bluestem

There's cooperar with the Little River San Gabriel Soil Conservation District named Henry Abel lives in the Sharp Community some twenty miles east of Bartlett, Texas.

Somebody just strictly looks after Henry. At least that's the opinion of Adrian I. Moore, Soil Conservationist stationed in Bartlett. Here's why. Henry was running short of available stock water and had just completed construction of a new farm pond dam 4200 cubic yards of earth were moved in the construction of the pond and a very good reservoir in excess of twenty feet deep was the result. So, here come along a little ole two inch shower of rain right quick that put seven feet of water (about a years supply) right in the bottom of the pond.

You want to hear more? Well, Henry runs a few cattle on the farm. Now calves don't quite bring the same amount of money on the market that they did a while back. What happens: Henry's cows just step up the number of calves they give birth to. Last one to calve showed up with four. Three heifers and a bull calf.

"We were standing there looking at the calves," Moore said, "when Henry turned to me and remarked:

"You're an agriculture man and supposed to know it all, how come an ole cow will just up and have a whole litter of calves all of a sudden?"

I couldn't give him an honest answer to that one, but I recalled from last year that Henry had had a bob-tail calf born to one of his cows. The reason for that, he told me then, was that the calf's mother had been grazing on some King Ranch Bluestem Grass I had caused him to plant. Well, I studied about it for a minute and waited a spell before I answered (This being designed to give the impression of deep thought). Then I said, "Henry, it just looks to me like that ole King Ranch Bluestem Grass has done it again. We parted company right after that, but I reckon we're still friends."

## Texas Methodist Youths Convene At Lakeview Saturday

"Christ In Our Lives" is the theme for the Texas Conference Young Adult Conference to be held at Lakeview Methodist Assembly near here Saturday, Sept. 1, through Monday, Sept. 3.

This Labor Day weekend program is planned for young adults from 21 to 35 years of age, and for those whose interest is with young adults. There will be activities for the entire family. Baby sitters will be provided during all the classes.

Rev. Bill Harris, pastor of Bethany Methodist church, Houston, will be the inspirational speaker. With registration beginning at 1 p.m. on Saturday, the program will continue until lunch on Monday. Registration blanks may be obtained from any Methodist pastor or from the Texas Conference Board of Education located at 421 South Magnolia here.

## Church Librarians To Talk Problems

Texas Methodist Conference church librarians, church staff members, library committee members and their families are expected to attend the first Library conference to be held by Texas Conference Methodist. It is slated for Lakeview Methodist Assembly Saturday, Sept. 1 to Monday, Sept. 3.

Churches which do not have a library and would like to start one are being asked to send a member of the commission on the educa-

"CAMERON'S LEADING NEWSPAPER SINCE 1860"

## Thinking Of Home

By Demmy M. Kemp

Mr. Demmy M. Kemp writes the second of a series of historical pieces of his remembrances of early Cameron. The former publisher of the Cameron Daily Herald and brother of the late Judge Jeff T. Kemp, turned historian while "THINKING OF HOME". He lives in Greensburg, Louisiana.

Roger Q. Mills was our Congressman at that time, 1881 and probably the most popular man in Texas. On one occasion a Col. Jones of Waco, had the temerity to oppose the great Roger for Congress and spoke in the old Court House; the Court room was crowded with men, who the minute Col. Jones started to speak began to yell and stamp their feet for yelling and feet "stomping" was in that period used, instead of "Booing"; an educational accomplishment acquired by the present generation. Finally, some one prevailed on the crowd to let Col. Jones continue with his speech, which he did, until he mentioned the name of Grover Cleveland, who was running for his second term as President; when James Stephen Hogg, (who was Gov. of Texas years later) who was present asked: "Col. Jones are you going to vote for Cleveland?" He answered: "Not if I meet another crowd like this!" The House went wild again, until Judge John Henderson arose and asked the crowd to please let Col. Jones continue; which they complied, when Col. Jones continuing said: "Where is Roger P. Mills today? Judge Henderson arose and replied: "Col. Jones, is in Ohio and Indiana, fighting your and my battles" (meaning speaking Democratic party). That was the finish, the crowd wouldn't let him continue.

Mr. Charley Yoe built a two story brick building, the lower part for his mercantile business and the upper for an Opera House where different Troupes used to visit. Cameron regularly, the most popular, was Stuts Troupe, who had a Band, that used to parade all over town and to the delight of all, would play "Dixie". They used to play "Jane Eyre", "East Lynne" and such plays; the audience would always cry when they would sing that song in East Lynne: "Then you will remember me", (which was borrowed from the Opera Bohemian Girl, words by Bunn, from St. George's ballet of "The Gypsy").

The most delightful character actor to visit the theatre, was Raleigh Ryan, who could change costumes very fast, who came out once dressed as a Texas Cowboy wearing "leggings", a ten gallon hat and two six shooters in his belt and in cowboy drawl said: "I was born in Texas, cradled under a mosquito tree and the sound of a six shooter is music to my ears; I'm tired of peace, I long for strife; bring out your population! Bang, Bang, Bang," with his six shooters. He next came out as a preacher, with white gloves and said: "Dearest beloved, belimped, belumped, isn't it a sin, when you peel potatoes to cast away the skin; for the skin feeds the pigs and the pigs feed you; dearest beloved, belimped, belumped, isn't that true?" The main curtain, as usual, had ads of mercantile firms and such and among them was "R. L. Lyles, Rustler".

Mayor Lyles was the leading lawyer in Cameron, 1881, when we arrived and a man of much energy and Mr. Tom Sampson offered to pay for it, provided he was allowed to word it as he pleased, which Major Lyles agreed. The night Stuts troupe of actors played: "Ten Nights in a Bar Room", the house was loaded to the gunnels, for many of the ber of the commission on education or some other interested person.

## Tax Advice For Parents Of Youths Who Work Summers

Parents of youngsters who are working during the summer vacation were reminded today by R. L. Phinney, District Director of the Internal Revenue Service, that under certain circumstances their children may still be claimed as full exemptions for Federal income tax purposes.

The children themselves may be entitled to refunds in whole or part of income taxes withheld from their wages during their employment. Every individual earning \$600 or more must file a return and pay the tax due. A person earning less than \$600 is not required to file a return but the wage earner will have to file a return before a refund can be made for any taxes withheld.

The special exemption rule, Mr. Phinney explained, applies to children who will still be under 19 years of age at the end of the year and to children who are full time students, regardless of their age.

## ALLIED

### Chain Link Fence

FREE ESTIMATE

Up To 36 Months To Pay

PHONE 1280

PAUL NABOURS

Exemption may be claimed by the parents if they contribute more than half the child's support regardless of the amount earned by the child. This new law was passed by Congress in 1954, Mr. Phinney explained. Prior to 1954 no person earning \$600 or more could be claimed as a dependent by another taxpayer. Inquiries received, however, indicate that many who are entitled to this benefit are not aware of it. And some parents continue to have their dependent children stop work before earning \$600.

Children 19 and over must be engaged in full-time study at a

THURSDAY, AUGUST 30, 1956

recognized educational institution for at least five months of the year or must be pursuing a full-time accredited on-farm training program.

## CARD OF THANKS

We wish to extend our heartfelt thanks for the floral offerings and the food so thoughtfully and lovingly prepared following the death of our beloved mother, Mrs. Lucy Clifton. Our gratitude is also extended to Doctors Newton and Shapiro for their faithful service to us.

### Shower Honors Dorothy Hundl At Ed Posival Home

Miss Dorothy Hundl, bride elect of Raymond Ezzell was honored with a miscellaneous shower Saturday afternoon at the home of her great aunt, Mrs. Ed Posival. Co-hostesses were Mrs. George Sanders, Temple and Mrs. Mike Wasserman of Barclay.

Receiving the guests with the hostess were the honoree and her mother Mrs. Charles Hundl and Mrs. Lloyd Ezzell, mother of the prospective bride-groom.

Miss Juliann Jones registered guests in the bride's book.

A color scheme of pink and white was carried out in floral decorations throughout the house. An arrangement of Queen's Crown centered the lace covered serving table.

Mrs. Urfa Adams presided at the punch service and Miss Marion Fuchs served the cake.

Out of town guests were Mrs. Annie Ulla of Houston, Mrs. Urfa Adams, Elsa Texas, Mrs. Mike Wasserman of Barclay and Mrs. George Sanders of Temple.

### TSCW Graduates Two Cameron Girls August 24

Two Cameron girls were among the students receiving degrees at summer commencement exercises August 24 at Texas State College for Women.

They were Mrs. Mary Robinson, daughter of Mr. and Mrs. Roy C. Hensley; and Mrs. Richard Wilkinson, daughter of Mr. and Mrs. Andrew Esslinger.

Mrs. Robinson received the bachelor of science degree in home economics. She has been a Red-bud Festival Princess and was president of the Sophomore Class at TSCW.

Mrs. Wilkinson, who graduated with honors, received the bachelor of arts degree in English. She was a member of Pi Lambda Theta, honorary teachers' fraternity and secretary of the Campus League of Women Voters at TSCW.

### Mrs. J. L. Barmore Honored By Gib Terry On Birthday

### Coffee At Home Of J. Eber Flinn's Fetes Recent Bride

Mrs. Dale Paschal of Houston, nee Dierdre Denson of Cameron was feted with a Coffee at the home of Mrs. J. Eber Flinn with twelve of the recent bride's school friends present, on Saturday morning August 18.

Mrs. Kenneth Weatherford, nee Tomadelle Jenness, of San Marcos and Mrs. Robert H. Womble, nee Jane Flinn, now of Belton were co-hostesses.

The table arrangement was

made of bronze masterpiece mums and light bronze poms which picked up the light center of the mums. A cascade of Hahn's ivy and tu-tone bronze satin ribbons were brought from the left side of the crystal and gold epergne to the right side of a large round reflector which held a border of ivy leaves and mums.

The names Dierdre and Dale, August 25 were written with gold glitter on bronze ribbons. They were held by the figurine on the epergne.

**INTRODUCING:** Jack Dunham Dowling, seven pounds, four ounces born August 23 to Captain and Mrs. J. F. Dowling in the Richards Hospital in Rockdale. Grandparents are Mr. and Mrs. J. K. Dunham of Sharp and Mrs. Freda Dowling of Manhattan, New York. Joe Ann 5, and David 3 greeted their little brother. Captain Dowling is with the Armed forces in Germany. He will join his family in January.

### Homemakers Of Future Off To '56 Head Start

By Mary Ellen Richter

Friday night, July 17, 1956, marked the date of the FHA open house. This meeting was set aside to honor the freshmen of the 1956-57 school term. Approximately 150 freshmen, parents, guests, school board members, and members of the FHA were present.

Registration was held on the east lawn just before entrance into the homemaking department. Punch was served to those present. They were then shown the exhibits and the department. FHA girls acted as hostesses.

Exhibits set up by FHA girls consisted of things they have done during the time they have been taking homemaking. The projects included were clothing, food preservation, child care, yard improvement, crafts, hobbies, and leather work. Girls who put up displays were Mary Ellen Richter, Marye Horstmann, Myrna Jackson, Dorothy Kelly, Pat Hertenberger, Evelyn Vyörial, Marie Zarosky, Barbara Hollas, Beverly Schiller and Laura Swift.

Hostesses included Marye Horstmann, Anita Trdy, Mary Ellen Richter, Gloria Harber, Colleen Damron, Beverly Rice, Peggy Hightower and Faye Angell.

The registration was taken care of by Peggy Burke, Wanda Kirk, Myrna Jackson and Lorene Conley.

Mr. and Mrs. Gib Terry took their grandchildren, Anne, Terry and Donna McLendon home and had a visit with Mr. and Mrs. C. L. McLendon in Brownfield. They also visited in Lubbock.

### Happy Reunion After 35 Years

Charley L. Reynolds, 36, a watch repairman (seated) on the porch of his home at 708 North Jefferson, is enjoying a re-union with his sister, Mrs. H. H. Dyson of Fort Worth and his brother Woodroe, Yarborough, 38 a Fort Worth Fire Inspector and Johnny Yarborough, a 30 year retired Army man of San Antonio in the background.

Charley was taken into the home of foster parents when his mother died in 1920. He was taken into the home of foster parents at the age of five months and the father, David Tobe Yarborough, lost track of each other. The father died in 1938.

Mrs. Minnie Smith of Cameron went to visit her father and while in Fort Worth looked in the phone book and found Woodroe's name and called him that she thought that his brother was in Cameron. A telephone call verified the identification and then followed the happy re-union of the entire family.

**Navy Pays Two Thirds Of Personnel Education Cost**

In an effort to further enhance the educational and training program for personnel the Navy is again paying two-thirds of the tuition cost of off-duty educational training courses taken by active duty officers and enlisted per-

## Milam E Bond Buyers Hold 45 Per Cent Of '56 Quota

During July the sales of Series "E" United States Savings Bonds in Texas increased 18 per cent, Henry Siebman County Savings Bonds Chairman announced today. Texans purchased \$13,700,543 in Series E and \$3,021,000 in Series H Bonds, Siebman continued.

The sales in Milam County for July were \$9,827. In Texas sales

sonnel.

Under the educational program, naval personnel can take duty courses at accredited colleges and universities and high schools. The Navy will pay up to 75 percent of the tuition cost, not to exceed \$7.50 per semester hour. All other cost must be the responsibility of the student.

All active duty personnel, including reservists, are eligible for the program.

for the first seven months were \$115,029,501.

He also stated that of the Series E bonds that have matured, over 70 per cent are still being held for the additional option period of nine years and eight months.

Siebman also reminded those people who hold matured F and G bonds that these bonds do not earn interest after maturity and that they should exchange these matured F and G bonds for Series E or the new H, J, and K bonds in order to earn additional interest.

As of August 1 Milam County had reached 45 per cent of its quota of \$398,000, Siebman concluded.

NOTE: You can obtain the latest county sales, 1956 quotas and the name of your County Chairman from the attached sales report.

Staff Sgt. and Mrs. George Wes-

sells and daughter Theresa were weekend guests in the home of her parents, Mr. and Mrs. F. J. Karnowski.

# Rail oddities

Railroads are hard to knock out. Regular railroad service was resumed through Hiroshima 18 hours after the atomic bomb was dropped on this Japanese city.

In the Korean War 98 per cent of our troops and freight passing through Pusan—our only port—moved by railroad.

The wily Chinese Reds displayed great ingenuity in keeping their rail lines open. To deceive our forces, they removed railroad bridge spans before dawn, hid them in camouflaged places during the day, then replaced the spans and ran their trains after nightfall.

**WATER —**  
The plant including lagoons to serve about twice the present population.

The lagoons and sludge drying beds will be surrounded with a levee to protect them from any flood short of a repetition of the 1921 flood.

**B. Outfall Main and Lift Station:**  
To permit the tops of the primary clarifiers to be above flood level, it will be necessary to relay the lower end of the outfall sewer main and build a lift station or pump station to lift all sewage into the treatment plant.

**C. Sewer Collection Main:** There is some money included in the bond issue for additional sewer mains. This money will be spent to lay new sewer lines in the areas where the need for such lines is the greatest.

## FOOTBALL TICKETS —

Gas Company specifications will be drawn for replacing all gas lines in and around Yoe Gymnasium. These gas lines now are laid in concrete and as a safety measure it is planned to replace them with lines which are newer and not so susceptible to leaks which might jeopardize the entire plant.

The school calendar which calls for school opening on September 3 and closing on Friday May 24, 1957 and the list of holidays which include November 23 and 24 for Thanksgiving and April 19 to 22 for Easter and May 9 for Yoe Day were approved by the board. Christmas holidays will find the school closed on December 19 and reopening on January 2.

An approximate \$2,000 loan was made to the Athletic fund by the board to pay some debts which had accrued. The auditors, now on the job, found the old bills, "pigeon holed" and insisted that they should according to law, be paid. Some of the amount was over a year old and due to Holt and Company of Waco. The loan was made with the provision that the athletic fund will pay it back when the money is available.

## FIRE CALLS —

The city has made numerous neighborhood calls to the county, during the summer which were grass fires, but if left unattended would undoubtedly have razed buildings and fences reports fire truck driver, Frank Richter. These fires, according to the "arrangement" are not considered legitimate fires, and as such are not considered compensable by the county.

"As long as we have our arrangement, the Judge declared, they (Cameron) should carry on in a REALISTIC WAY." The Judge opined that the arrangement is still not too satisfactory but we don't know what can be done.

On the subject of the County Jail R. L. Batte Jr. questioned the increase in estimated feeding of prisoners from the 1955 budget of \$3,286.80 to the 1957 budget figure of \$3,500 when the city prisoners are no longer in County Jail.

This item was explained by the Judge as being only an estimate and that the Sheriff is allowed ninety cents per day per prisoner. Surpluses are usually transferred from one fund to another near the end of the year.

On the subject of tax renditions the Judge pointed to a picture on the wall of the Aluminum Company of America properties. "That is the reason that your tax

rate is still 75 cents" Alcoa now pays in the neighborhood of 40 percent of the county taxes the Judge stated "Alcoa wants to pay their just share. We were just a few dollars apart and our 'personal' relationship with the people of Alcoa is excellent. They are fine people" declared the Judge. He added that "We are in no imminent danger of suit from the company." They have rendered their property in the school district at 15 million dollars as against the county evaluation of near 13 million dollars. Then alluding to the appearance of the gentleman of Alcoa who appeared recently in protest over the increase in evaluation of his company's property this year the Judge declared that "WE CAN NOT RUN THE COUNTY FOR THE BENEFIT OF ONE TAX-PAYER OR NEWSPAPER." The reference to the newspaper lacked interpretation by the Judge.

There are 1,000 miles of Farm to Market road in Milam County and only 200 miles is paved the Judge said. "We fight a losing battle from year to year by spending our money on a shovel of gravel here and a board (for patching wooden bridges) there. We want, the Judge said, to pave as much Farm road as we possibly can so that we can save the maintenance costs and apply the money on the remaining roads. "I am opposed to gravel roads and wooden bridges as everyone who uses them ought to be," the Judge declared.

Based on sixty cents collection on the levied seventy five cents per hundred, and a serviceable valuation of 31 million dollars the budget showed an estimated \$386,782 income and a \$362,048 expenditure.

Salaries in the new budget as against the 1954 budget shown in parallel column read: COUNTY Judge, 1954 \$5,503.80; 1957, \$6,054.18 (Expenses 1954 \$132.52 1957, \$250.00); SHERIFF \$4,999.92 for 1954 and \$5,500 in 1957 (expenses in 1954 \$84.28 in 1957, \$150.06). Anticipated mileage for the Sheriff is slightly above 1954 but less than 1955. Showing \$3,790 for the new year. ASSESSOR COLLECTOR 1954 salary \$5,312.40; 1957 \$5,843.64. TREASURER 1954 \$3,000 and for 1957, \$3,300; COUNTY ATTORNEY 1954, \$5,069.40, 1957, \$5,576.34 (no expenses in 1954 estimated 1957, \$50) ALL COMMISSIONERS (combined in Constitutional Road and Bridge Fund) for 1954 \$14,979.21 and for 1957 \$19,200 with expense allowance in each precinct of \$300.

Commissioner Raney moved adoption of the budget and Commissioner Markham seconded, the budget was adopted unanimously.

Present for the hearing were J. D. Woolverton of Milano; Will Vogelsang, Niley Smith Sr., John A. Smith, William P. Arthur, R. L. Batte Jr., Frank Zarosky and O. G. Tumlinson of Cameron; Robert Jungman, J. J. Janicek, John Slovak and R. P. Lehmann of Buckholts; Ira L. Burns of Baileyville.

Mr. and Mrs. Jim Triner of Bunabista, Mississippi are visiting in the home of their aunt, Mrs. Nora Johns this week. Other visitors of Mrs. Johns are her daughter and son-in-law, Mr. and Mrs. Charles Hightower of Freeport.

INTRODUCING: Kendall Duval Smith, 7 pound, 71 ounce son of Dr. and Mrs. E. O. Smith Jr. at 4:15 a.m. at St. Edwards Hospital on Sunday, August 26.

## Milam Fox Hunters Plan Bench Show For September 22

Milam County Fox Hunters Association organized and elected officers Monday night, then immediately planned a bench show for September 22 to draw competition from several states.

Cliff Blackburn, who furnished

barbecue for some 40 men, was elected president, Frank Alford of Gause was named vice president, and Wendell Dyer of Rockdale was named secretary-treasurer.

Directors are T. J. Kyle, Ernest Jacobs, Blue Caldwell, F. H. Holcomb, Harold Farley of Georgetown, Mach Nettles of Lexington, Henry Stephens and Elmer Alford.

A barbecue will precede the bench show in September at Rockdale's Fair Park. Trophies and

ribbons will be given winners, and 1200 pounds of dog food will go to top dogs. Mrs. Ernest Jacobs of Rockdale will be bench judge, and E. E. Raley of Clifton will be ringmaster.

"We're planning the biggest and best show in the state," Blackburn said. "Our show should attract national competition."

Fox hunters in Milam and adjoining counties wishing to join the association may mail \$2 annual dues to Wendell Dyer, 417 East

Cameron. Charter membership will be accepted until the bench show.

## A MILLION THANKS

Please let me express the deepest gratitude of my heart to all the wonderfully fine people of Cameron and vicinity who evidenced so much love and concern for me during my recent illness. It is most gratifying to feel that one has so many exceptional friends. For well wishes, for pray-

ers, for visits, and for all evidences of concern let me say, "Thanks a Million". My heartfelt wish for each of you is that the love of Jesus may abide in your heart.

Rev. John Solomon

## Little River Cemetery Association Meets Sunday

The Little River Cemetery Association will hold its annual meeting on Sunday September 2. Members are urged to come bring

a basket lunch for the meeting at the church.

Mr. and Mrs. Don Humble returned Monday night following a week-end visiting in the home of Dr. and Mrs. Jayson Redfern of Houston. A fishing trip to the Gulf netted the Doctor a six pound Redfish. The "Lawyers Line" didn't attract any of the denizens of the deep.

GO TO CHURCH ON SUNDAY

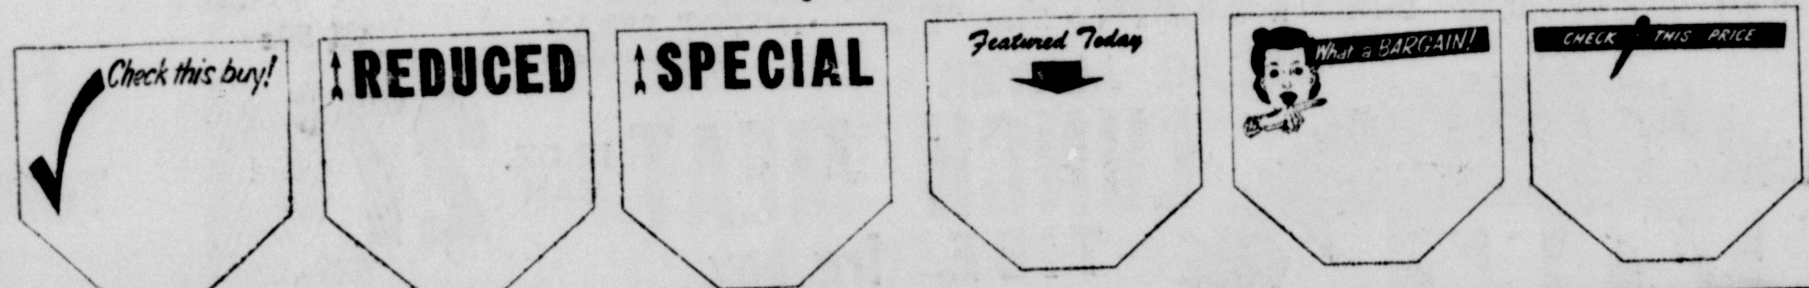

## Yes, it's truly sensational, the bargains you'll find at your Safeway NOW!

The strike, which lasted 10 days, at our warehouses in Garland has resulted in our having some unusual bargains in each and every Safeway store now. The change over from our usual supply source to outside suppliers and then back to our usual supply has caused a huge surplus of some items to accumulate in every Safeway store. We're marking prices down

on these surplus items. They are not the same items in each store, but in every Safeway store you'll find Bargains, Bargains, and more Bargains! We must balance our stock in all stores, so now is the time for you to take advantage of the many exceptional values in the Grocery, Meat, and Produce departments.

Because each store may not have the same items on "special" ... look for any of the shelf tags below ... they're your guide to exceptional values!
